Taylor & Francis eBooks and Digital Products

BRINGING DIGITAL CONTENT TO ACADEMIC AND INSTITUTIONAL LIBRARIES WORLDWIDE

Taylor & Francis Group
an *informa* business

Books & eBooks

Taylor & Francis publishes books and eBooks for all levels of academic study, across a wide range of subjects and disciplines including humanities, social science, behavioral science, even natural science as well as technology and medicine.

Digital products

Created to support both teaching and research, our digital products offer students and researchers a major leap forward in discoverability providing the opportunity to uncover new and exciting directions in their study and research.

Open Access

We publish high quality, rigorously peer-reviewed open access (OA) research across all disciplines. Authors benefit from a range of publishing options, whilst our open access memberships are designed to put librarians in control.

TABLE OF CONTENTS

Taylor & Francis eBooks

A WORLD OF KNOWLEDGE AND INFORMATION

Search our vast collection of authoritative eBooks written by a world-renowned and award-winning network of editors and authors. Taylor & Francis eBooks hosts a range of award-winning digital resources and a fully comprehensive eBooks platform, covering all major subject areas and sub-disciplines. You can also explore our CRCnetBASE collections, General Academic collections created by EBSCO librarians, and interdisciplinary collections featuring curated HSS and STEM content.

Taylor & Francis eBooks include a librarian admin area which allows quick and easy access to entitlements, full usage reporting, automated MARC and KBART reports via OCLC, licenses, IP ranges, and more.

Our Taylor & Francis eBooks website has been upgraded with new features to help you explore our eBooks titles and find the content most relevant to you. We have enhanced our Search features to support easy website navigation, and expanded our content offering to include full and partial Open Access titles, as well as not yet published content.

Key Features of Taylor & Francis eBooks

FOR LIBRARY USERS

- » Access Taylor & Francis titles on a single platform
- » Filter search results by collections, subject, publication date, imprint or year published
- » Filter search results by the content your institution has access to
- » Search using advanced search and auto suggestions
- **new** » Filter by not yet published and recently published books
- **new** » Redesigned homepage with improved search features

- » Perform contextual searches: search all featured collections or search within a single collection
- » Search and discover content at the book and chapter level – PDFs available for download
- » View detailed table of contents
- » Create citations in APA format
- » Browse by subject areas and collections
- » Highlight keywords or phrases to search the web for additional content

- » Download a list of the titles included in any Featured Collections
- » Obtain book and chapter abstracts in both search results and product pages

FOR LIBRARIANS

Access the Librarian Dashboard to manage all Taylor & Francis eBooks content quickly and easily from ONE admin area:

- » Use a single sign on and point of entry for Taylor & Francis eBooks
- » View, manage, and download entitlements with license information
- » Download Counter 5 reports as well Title Master Report, Platform Master Report, TR_B1, TR_B2, TR_B3, TR_P1, as well as SUSHI reports
- » Manage institutional IP ranges and non-IP authentication

- » Set up automated MARC records collections via OCLC ❯
- » View and access usage and denial reports/trends over pre-defined and custom periods
- » View and manage institutional licenses
- » Manage Shibboleth and Open Athens credentials
- » Set up EZproxy allowing users to access content when they are off campus

- » Purchase single-title orders direct from the Taylor & Francis eBooks platform, and receive access to those titles within minutes.
- » Rapid processing of ebook orders placed through GOBI, with a fulfillment time of under 15 minutes per order.

Taylor & Francis eBooks has a vast collection of eBooks across a wide range of subjects:

SUBJECT COLLECTIONS

Explore our vast collection of eBooks in science, technology, engineering, medicine, humanities, and social science, which are led by a global network of editors and authors.

ROUTLEDGE SUBJECT COLLECTIONS

Our Routledge Subject Collections provide even greater coverage of subject areas and sub-disciplines across Humanities, Social and Behavioral Sciences, and Education. Each new collection brings together all relevant Routledge books and chapters to provide a comprehensive, focused resource for students, academics and practitioners in a chosen field, making it easier than ever for readers to access relevant Humanities and Social Sciences content.

CURATED INTERDISCIPLINARY ECOLLECTIONS

Designed with our customers in mind, Routledge and CRC Press have curated HSS and STEM content from across our lists to provide 37 interdisciplinary collections on a wide range of topics. Featuring a global array of voices from our international community of scholars and experts, each collection includes a wealth of knowledge, including both cutting-edge research and real world expertise.

CURATED EBSCO COLLECTIONS

Suitable for academic libraries of any size and scope, these collections consist entirely of general academic content titles appropriate for undergraduate level courses. Featuring a global array of voices from our international community of scholars and experts, each collection includes a wealth of knowledge enhanced by both cutting-edge research and real world expertise.

"**[Taylor & Francis tries] and remain at the forefront of new initiatives that will help to serve their users. They are one of the few that actively seeks out engagement and feedback from a wide range of levels in academic institutions... - which I believe bolsters some of the changes they make. ... Their products are well known and trusted by our users, and they feel confident incorporating them into their research, teaching, and learning needs.**" *– Modern Library Award Judge*

Flexible Purchasing Options

Looking to Purchase Individual Titles, or Featured Collections?
Purchase via:

Perpetual Access

A one-time purchase commitment, allowing you and your institution access to content, while retaining ownership. Additionally, you can also add further titles to your collection at any time.

Subscription

A one-time purchase commitment, allowing you and your institution access to a collection of titles for a set period of time, with the option to renew, and add further titles to your collection.

Evidence Based Acquisition (EBA)

Select a minimum spend commitment allowing access to a collection of titles on loan for 12 months. At the end, use your minimum spend commitment to select titles for perpetual ownership.

Looking for Flexible Methods of Purchase to Suit Your Needs?
### Purchase from:

Taylor & Francis via the Sales Reps

Purchase directly from Taylor & Francis by getting in contact, choosing from any one of the above purchasing models for titles and collections.

Your Local Agent

Purchase Taylor & Francis content from your local agent.

Taylor & Francis eBooks, Self-Service

Purchase directly from Taylor & Francis without a middle man! Taylor & Francis eBooks now has eCommerce capabilities, allowing you to order direct from the platform, with immediate access to purchases.

CHOOSE **open** BOOKS
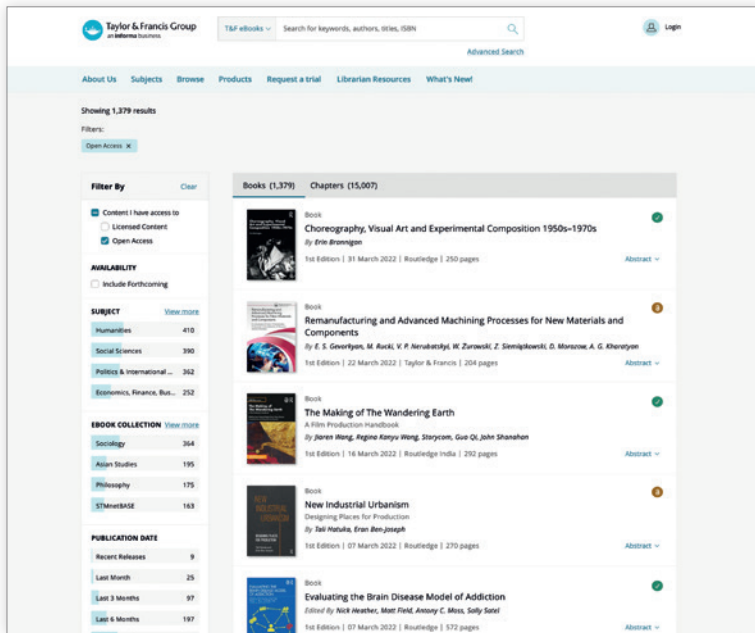

Our open access book content is read 16 times more and reaches almost twice the number of countries than our traditional monographs in the first 6 months of publication.

At Taylor and Francis we've been publishing open access journals since 2006, and in 2013 we complimented it with our Open Access Book program. We have collaborated with researchers to build one of the largest open access book collections and are delighted to be able to showcase open access book content from our Routledge and CRC Press imprints.

All our open access books and chapters are hosted on our Taylor & Francis eBooks platform for researchers to discover. From Archaeology to Medicine, Politics to Urban Studies, our open access book portfolio is constantly updated and available to your researchers.

DISCOVER TWO NEW COLLECTIONS:

We have added new collections in Gender Studies and African Studies that were created with Knowledge Unlatched. These were financed through libraries coming together to crowd fund key research and making it available to all. These are living collections and will continue to expand for the next two years.

CHOOSE open BOOKS

BENEFITS OF OPEN ACCESS BOOKS

» Open access book content is available to all library users on our Taylor & Francis eBooks platform. Your researchers will have access to over 1,000 pieces of open access book content, with the ability to share these resources with students and peers to maximise collaboration.

» All our open access books are free for users to read, once a book or chapter is open access it remains available to your researchers without charge year after year.

» Each open access title is clearly marked with the open access symbol and license information. When new open access content is published it will automatically be integrated into your collection. Each open access book and chapter has undergone the same rigorous peer review, production process and formatting as our traditionally published titles.

» These titles are DRM free and easily accessible on our eBooks platform, with full usage reporting available.

» At Taylor & Francis we provide flexibility on the creative commons licence applied, allowing your institution to control the level of reuse of the research and align with your institution's strategic needs.

» All the content that is made open access is hosted on our Taylor & Francis eBook site and are sent to major distributors such as Google Books, Kindle, OAPEN and the Open Research Library to increase the exposure of the research as well as archiving the open access work in CLOCKSS and Portico
SUPPORTING YOUR RESEARCHERS

» Taylor & Francis offers flexibility with our Open Access Books Membership. This is a bespoke solution to support your researchers in publishing open access and simplify the process of publishing open access for authors, reduce administration for library staff and benefit from discounted publication charges.

» It is our belief that the option to publish open access is available to as many researchers as possible. To help achieve this we offer discounts on the Book Publishing Charges (BPCs) normally required to publish in the Taylor & Francis open access books program to eligible researchers.

» Our Author Marketing team can support researchers with self-promotion of your researchers book or chapter once it is open access. Support can include creating discounted flyers and emails to share with their network, designing banner artwork to share on their social media platforms and more.

SUPPORTING YOUR INSTITUTION

» There are many benefits of an open access membership with Taylor & Francis. They include:

  » A secure prepayment account with funds set aside for book and chapter publishing charges.

  » Discounts on the BPCs for open access book content including chapters.

  » Reduced administration of processing multiple invoices.

  » Developing open access publishing at your institution by facilitating the funding of BPCs.

  » A dedicated and personalized open access page on Routledge.com

CHOOSE open BOOKS

"
"**Open access is inherent to what we are aiming for in the series, the series is cross disciplinary, and we want to transfer scientific knowledge into practice.**"

– *Rianne Appel-Meulenbroek, co-editor* A Handbook of Theories on Designing Alignment Between People and the Office Environment

"**Making the book open access and eliminating the paywall can help readers across the world, particularly those in less developed countries or with lower income, to access the information. We believe the findings of this work are a public good, and open access functions in the spirit of sharing free a public good.**"

– *Xubei Luo, co-author of* Multilateral Banks and the Development Process: Vital Links in the Results Chain

"**Publishing open access was a strategic & essential decision for us. We chose to publish #openaccess because we wanted #BuildingBetterSchools to be used and shared. We wanted as many schools as possible to benefit from the resource & the expertise of the 72 contributors.**"

– *Kelly-Ann Allen, co-editor of* Building Better Schools with Evidence-based Policy

Europa World
The Global Reference Resource

NEW AND IMPROVED

An interactive library offering detailed surveys with information on the latest economic, political and statistical information for 250 countries and territories.

Key features:

» Authoritative information on every country, providing context for the world's major political and economic developments

» Up-to-date government lists and recent election results for every country in the world

» The ability directly to compare national statistics in graph and tabular form

» Coverage of 2,000+ international organizations, commissions and specialized bodies

» Topical essays and commodity overviews for major regions of the world

» Current and comprehensive statistical and directory data for all countries and territories

» Impartial coverage of issues of national and regional importance from acknowledged experts

» A who's who of major political figures

» Sophisticated search and browse functions allowing enhanced accessibility to the data-rich content

» Ability to gain access via your institutional IP using Shibboleth, OpenAthens and EZproxy

> **"Perhaps the most respected reference work on world affairs, The Europa World Year Book provides authoritative, current, and analytical information about countries and international organizations. The online edition adds value by incorporating more frequent updates than the print edition and by offering several simple yet powerful search features..."**

Europa World of Learning
International Guide to the Academic World

NEW AND IMPROVED

A guide to the world of higher education, listing global institutions of higher education and learning, and the people who work within them.

The online version of **The Europa World of Learning** provides a full range of sophisticated search and browse functions, and regular updates of content. The result is a site that offers an unprecedented level of access to global institutions of higher education and learning, and to the people who work within them.

Key features:

» Full directory details for 16,000+ accredited universities and colleges

» Coverage of 700+ international cultural, scientific and educational organizations

» 200,000+ key academic staff and administrators

» 6,300+ research institutes and their research areas

» 5,400+ learned societies, including awards conferred

» 4,900+ museums and 4,300+ libraries

» 8,300+ peer-reviewed academic journals

» Country-specific higher education overviews, including latest available statistics

» Access via institutional IP using Shibboleth, OpenAthens and EZproxy

> "... current, well indexed, and well edited – a valuable and unique reference classic. An online version complements the print edition and offers browse functions and frequent updates. Summing Up: Highly recommended."
>
> *– CHOICE Reviews*

World Who's Who
Europa Biographical Reference

NEW AND IMPROVED

The comprehensive, newly-redesigned World Who's Who brings together current and hard-to-find biographical information on the most gifted, famous and influential men and women in all fields. Entries include nationality, date and place of birth, education, marital and family details, past career and current position, honours and awards, publications, artistic achievements, leisure interests, and contact details.

Key features:

» Detailed biographies, including nationality, profession, date and place of birth, education, family details, present position and past career, honours and awards received, publications, artistic achievements and leisure interests

» Contact details, including e-mail and website addresses

» 1,000+ professions to search and browse, including 12,000+ politicians, 10,000+ academics, 8,000+ company executives and 7,000+ classical musicians

» Archival information for those entrants who have died since 2000

» Quickly browse biographies by typing in the first few characters of a surname in the search bar

» Advanced Search functionality allows users to filter search results by profession, nationality, gender, date of birth and/or death

» Ability to access the database via your institutional IP using Shibboleth, OpenAthens and EZproxy

Students are working on an urgent need for a sustainable tomorrow: help them with it today

Your students have grown up with ethical veganism, eco fashion, climate action and now a global pandemic. For them, a sustainable life is how they expect to live. And many expect their university to help them create that future.

Sustainable Development Goals Online is a rich multimedia collection of academic resources that you can purchase either as a **complete annual collection** or in **tailored sections** to best integrate sustainability into your courses. It will help you enable your students to address the key challenges and deliver the change they want to throughout their careers and lives.

CREATING A SUSTAINABLE FUTURE FOR US ALL

The UN's 17 Sustainable Development Goals (SDGs) provide a call to action to create a sustainable future for all of us. They were adopted by all 193 world leaders who agreed to end all forms of poverty, fight inequalities, and tackle climate change. That call to action is one that speaks to today's students, whether their concerns are around developing clean technology, reversing climate change, reducing the gender pay gap, or enabling developing nations to grow sustainably. **And it's one that you can use as a framework for teaching about sustainability in a huge range of subjects.**

WHY SUSTAINABLE DEVELOPMENT GOALS ONLINE?

» SDGO is a large repository of broad, interdisciplinary content that can benefit a wide range of faculties and departments, from civil engineering to economics to the humanities.

» As well as purchasing the whole collection – allowing you to meet the teaching and research needs of a broad range of departments and faculties – you can also create your own package based on individual goals, allowing you to purchase content relevant to specific faculties or courses.

» It has been created by Taylor & Francis in association with the United Nations' PRME division and guided by an international Advisory Board of academics, practitioners, policy-makers, those working in third sector, government, and NGO contexts.

» Helping your instructors and programme leaders to integrate multimedia resources into their curricula and meet the needs of today's digital-first students, this content includes not only book chapters and journal articles but videos, presentations, and a range of other Teaching & Learning materials.

» SDGO is part of Taylor & Francis eBooks, so you can administer the collection in the same interface as your other entitlements and so all content is DRM-free, Kbart compliant, and has downloadable MARC records available.

THE SUSTAINABLE DEVELOPMENT GOALS IN DETAIL

GOAL 1

End poverty in all its forms everywhere

Stop poverty in all its forms. Eradicate extreme poverty for all people everywhere, and reduce at least by half the proportion of men, women and children of all ages living in poverty. Implement nationally appropriate social protection systems and measures for all and ensure that everyone has equal rights to economic resources, as well as access to basic services, ownership and control over land.

GOAL 2
End hunger, achieve food security and improved nutrition and promote sustainable agriculture

End world hunger. Ensure access by all people to safe, nutritious and sufficient food all year round and end all forms of malnutrition. Ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, and that help maintain ecosystems.

GOAL 3
Ensure healthy lives and promote well-being for all at all ages

Ensure good health and well-being for all. Reduce the global mortality ratio and end preventable deaths of newborns and children under 5 years of age. End the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne diseases and other communicable diseases. Promote mental health and well-being and achieve universal health coverage.

GOAL 4
Ensure inclusive and quality education for all and promote lifelong learning

Ensure inclusive and quality education for all and promote lifelong learning. Eliminate gender disparities in education and ensure that all girls and boys have access to quality early childhood development and care. Ensure equal access to all levels of education for the vulnerable, including persons with disabilities, indigenous peoples and children in vulnerable situations.

GOAL 5
Achieve gender equality and empower all women and girls

Tackle all forms of gender equality issues. End all forms of discrimination against all women and girls everywhere and eliminate all forms of violence against all women and girls in the public and private spheres, including trafficking and sexual and other types of exploitation. Ensure women's full and effective participation and equal opportunities for leadership at all levels of decision-making in political, economic and public life.

GOAL 6
Ensure access to water and sanitation for all

Implement clean water solutions globally. Achieve universal access to safe and affordable drinking water for all and achieve access to adequate sanitation and hygiene for all. Improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials.
GOAL 7
Ensure access to affordable, reliable, sustainable and modern energy for all

Ensure universal access to affordable and clean energy for all. Increase the share of renewable energy in the global energy mix. Enhance international cooperation to facilitate access to clean energy research and technology. Expand infrastructure and upgrade technology for supplying modern and sustainable energy services for all in developing countries.'

GOAL 8
Promote inclusive and sustainable economic growth, employment and decent work for all

Ensure inclusive and sustainable economic development worldwide. Promote sustainable economic growth and achieve higher levels of economic productivity through diversification, technological upgrading and innovation. Achieve full and productive employment and decent work for all, including for young people and persons with disabilities, and equal pay for work of equal value.

GOAL 9
Build resilient infrastructure, promote sustainable industrialization and foster innovation

Ensure sustainable industry innovation and infrastructure. Develop quality, reliable, sustainable and resilient infrastructure that supports economic development and human well-being. Promote inclusive and sustainable industrialization, and upgrade infrastructure and retrofit industries to make them sustainable, with greater adoption of clean and environmentally sound technologies and industrial processes. Encourage innovation by enhancing scientific research in industrial sectors.

GOAL 10
Reduce inequality within and among countries

Reduce inequality within and among countries. Empower and promote the social, economic and political inclusion of all, irrespective of age, sex, disability, race, ethnicity, origin, religion or economic or other status. Ensure equal opportunity and reduce inequalities of outcome, including by eliminating discriminatory laws, policies and practices and promoting appropriate legislation, policies and action in this regard.

GOAL 11
Make cities inclusive, safe, resilient and sustainable

Develop sustainable cities and society worldwide. Ensure access for all to adequate, safe and affordable housing, and enhance inclusive and sustainable urbanization and capacity for integrated and sustainable human settlement planning and management. Reduce the adverse environmental impact of cities, by paying special attention to air quality and waste management, and strengthen efforts to protect and safeguard the word's cultural and natural heritage.

GOAL 12
Ensure sustainable consumption and production patterns

Ensure sustainable consumption and responsible production patterns. Reduce global food waste at the retail and consumer levels and reduce food losses along production and supply chains. Achieve the environmentally sound management of chemicals throughout their life cycle and substantially reduce waste generation through prevention, reduction, recycling and reuse. Encourage companies to adopt sustainable practices and to integrate sustainability information into their reporting cycle.

GOAL 13
Take urgent action to combat climate change and its impacts

Take urgent action to combat climate change and its impacts. Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters, as well as integrate climate change solutions and measures into national policies, strategies and planning. Improve education and awareness-raising on climate change mitigation, impact reduction and early warning.

GOAL 14

Conserve and sustainably use the oceans, seas and marine resources

Conserve and sustainably use the oceans, seas and marine resources. Prevent and decrease sea pollution of all kinds, in particular from land-based activities, and sustainably manage and protect marine and coastal ecosystems to avoid significant adverse impacts. End overfishing, illegal, unreported and unregulated fishing and destructive fishing practices in order to restore fish stocks. Increase scientific knowledge, develop research capacity and transfer marine technology in order to improve ocean health.

GOAL 15

Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss

Prevent threats to biodiversity. Ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands. Promote the implementation of sustainable management of all types of forests and halt deforestation, and combat desertification and restore degraded land and soil. Take significant action to reduce the degradation of natural habitats and prevent the extinction of threatened species.

GOAL 16

Promote just, peaceful and inclusive societies

Promote just, peaceful and inclusive societies. Significantly reduce all forms of violence and end abuse, exploitation, trafficking and all forms of violence against and torture of children. Promote the rule of law at the national and international levels and ensure equal access to justice for all.

GOAL 17

Revitalize the global partnership for sustainable development

Revitalize the global partnership for sustainable development. In order to support and achieve the ambitious targets of the 2030 Agenda, strong SDG partnerships will need to form, bringing together national governments, the international community, civil society, the private sector and other actors.

Routledge Handbooks Online

Cutting edge scholarship from Routledge and CRC Press

CRC

Routledge Handbooks Online is an invaluable educational resource bringing together the world's leading scholars to provide a cutting-edge overview of classic and current research from Routledge, and CRC Press, in the Humanities, Social sciences, Education, Psychology, Engineering, and Built environment, while at the same time providing an authoritative guide to theory and method, the key sub-disciplines, and the primary debates of today. Every title within Routledge Handbooks Online is surrounded with meaningful metadata and abstracts at a chapter level, making it fully searchable and browsable, providing a functionality of greater value to the student and researcher. Additionally, the third chapter of each handbook is available as a free download, so you can view sample content.

KEY FEATURES:

» All titles are DRM-free

» All content is available in HTML and PDF format

» Providing over 83,000 chapters from over 2,400 volumes

» Expansive coverage of 52 subject areas, now including Routledge and CRC Press content

» The third chapter in each of our handbooks is freely available for you to view and download

» All chapters are accompanied by an abstract and rich metadata that make searching and research more efficient and effective

» Intuitive search tools enable users to find exactly the material they need across the Handbooks' multiple subject areas, with peer-reviewed content that ensures quality of research

» Full text DOIs, OpenURL, and Usage Statistics to aid discoverability and ensure library patrons are accessing the materials they need - including COUNTER 4 usage statistics and denials data.

CHEMnetBASE

CHEMnetBASE is a collection of cutting-edge interactive chemistry databases and dictionaries that provide instant access to authoritative content. Researchers can perform exhaustive searches using a variety of criteria, including structure searching, can create tables, export data in several formats and much more.

Included in this noteworthy collection are 9 distinct products including the CRC Handbook of Chemistry and Physics, Combined Chemical Dictionary, Dictionary of Natural Products and much more.

Institutions and corporations can subscribe to individual databases within CHEMnetBASE or CHEMnetBASE in its entirety.
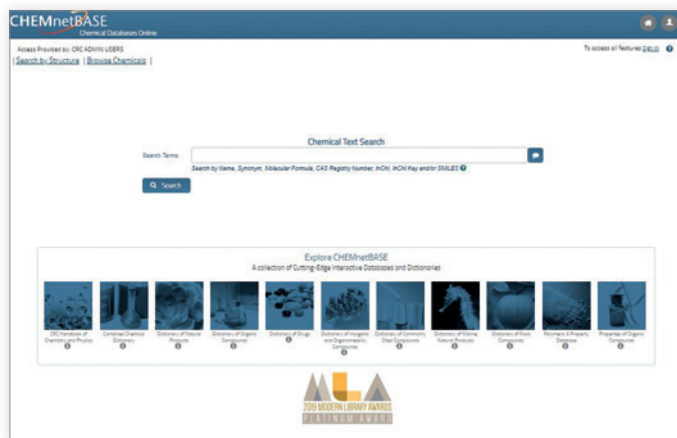

Recent enhancements include:

» **One-Stop Search:** perform searches on chemical terms simultaneously across all databases within CHEMnetBASE.

» **Chemical Text Search:** search by Name, Synonym, Molecular Formula, CAS Registry Number, InChI, InChI key, and/or SMILES.

» **Chemical Structure Search:** draw a chemical structure using Marvin JS and then search by Exact Match or Substructure; import a structure file or paste in a SMILES, SMARTS or InChI string into the search box.

» **Improved Transparency with Interface Redesign:** Easy to navigate and uncluttered home page, search tool, and results page. Users can readily see which products they have access to, reducing queries to librarians.

Key features:

» **Modern responsive design:** use on tablets and mobile devices.

» **New customization:** set up search fields, hit list columns and save as their default.

» **Save searches:** create and save searches, customize hit list display.

» **Improved entry display:** expand and contract compounds within an entry.

COMBINED CHEMICAL DICTIONARY PLUS

Spanning the breadth of chemistry, **The Combined Chemical Dictionary Plus (CCD)** provides access to chemical, physical, and structural data on chemicals. You can search content using the intuitive and powerful Marvin JS and JChem search engine from ChemAxon™.

Compatible with Mac, PC, and Linux-based systems, allowing you to draw your own structure queries. The CCD Plus is updated twice a year and is made up of the following dictionaries:

» Dictionary of Natural Products
» Dictionary of Organic Compounds
» Dictionary of Drugs
» Dictionary of Marine Natural Products
» Dictionary of Food Compounds
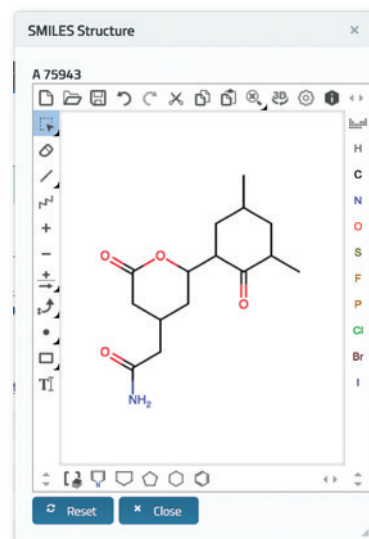

Additional dictionaries include:

Polymers: A Property Database

This database provides a single, first-stop reference invaluable to anyone involved in polymer science and technology.

Properties of Organic Compounds

Now with an entirely new interface this database contains entries on the most commonly sought organic compounds, featuring physical data and spectral data (UV, IR, MS, ^{1}H NMR and ^{13}C NMR).

CHEMnetBASE

CRC HANDBOOK OF CHEMISTRY AND PHYSICS ONLINE

Save time and expand your resources with easy, flexible access to trusted chemical and physical data.

The Online Handbook:
Interactive Time-Saving Tools and More Data!

» Access expanded data and customize its display

» Search, sort, and merge data with ease and accuracy

Extensive Search Capability

» **Searching by Various Fields:** physical property, molecular formula, etc.

» **View Chemical Entry:** see core chemical properties and link to tables in handbook

» **Cross Table Searching:** displays everything about a specific compound

» **Chemical Structure Searching:** use intuitive Marvin JS to draw a desired structure

» **Interactive Tables:** customize the data in spreadsheet format

Expanded Content & Tables

» Create individual workspaces and customized search screen

» Access from any device – mobile, tablets, etc.

» Graph search results and data tables

» Export chemical structures and images

» Additional information for entries

» Expanded versions of print edition tables

» Access to tables archived from earlier editions

» Ability to export into Excel to filter and manipulate

e-reference@taylorandfrancis.com

NEW
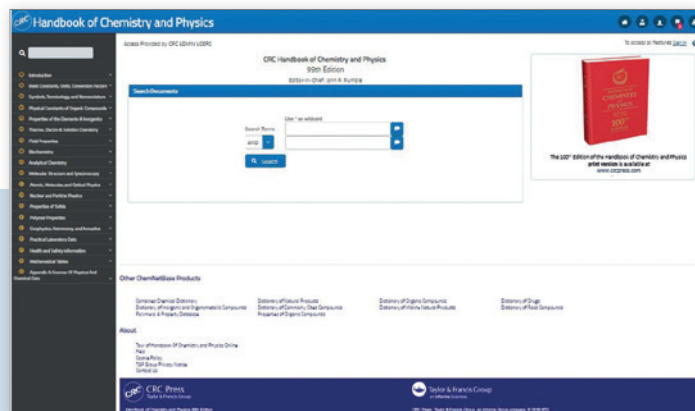

Offering peer-reviewed articles, overviews, and insights, across a wide range of disciplines, Routledge Resources Online are the definitive digital reference products for students and faculty. From presenting short topics and showcasing key entries, to covering important cutting edge and major themes, Routledge Resources Online offers high quality, easily discoverable articles, written by global academic experts in the field. As well as providing introductions to the subject, and surveying the wider landscape, they look at emerging trends, critical issues and seek to promote engagement and understanding of the discipline.

Key Features:

» A diverse range of newly written and peer-reviewed articles, overviews, and insights, across a wide range of disciplines

» Accessible entry points to a variety of content learning types and levels

» 200+ entries per product

» Intuitive search and detailed metadata

» Updated bi-annually to reflect emerging trends as the study evolves

» Easily accessed and discoverable content.

ROUTLEDGE Education
Routledge Resources Online

RRO – Education features brand new, specially commissioned content in 9 key areas: Assessment, Multicultural Education, Social and Emotional Learning, Educational Technology, Special Education, Educational Psychology, Curriculum, Instruction, and Educational Leadership.

www.taylorfrancis.com/rroe

ROUTLEDGE Psychology in the Real World
Routledge Resources Online

RRO – Psychology in the Real World features brand new content that support the teaching and learning of Psychology in 7 key areas - law, education, social change, work, sport, relationships and health.

www.taylorfrancis.com/rroprw

ROUTLEDGE HISTORICAL RESOURCES

www.routledgehistoricalresources.com

This collection of databases is a developing resource that gives patrons an interdisciplinary view of modern history. Bringing together primary source material, secondary source material, thematic essays and journal articles, each database focuses on a different aspect of the period. Between them they will cover topics relevant to history, literature, politics, economics, philosophy and more.

Features of Routledge Historical Resources include:

» COUNTER4-compliant usage reports for library account administrators

» Full MARC21 records for each product

» DOIs for each book chapter and journal article, along with rich metadata

» Search functionality that allows users to query the resource with key terms and filter using a tiered taxonomy

» Introductory videos featuring the academic editor for each resource, discussing the subject and the resource itself.

What's new in the latest platform update?

» Users can read footnotes/endnotes as they appear in the text by clicking on their superscript number. This allows the user to keep their place on the page when viewing content in their web browser as opposed to scrolling to the end of the page/chapter/book.

» Users can now search by Set Title to find Primary Source Collections more easily.

» Search results are now more finely filtered by relevancy so users have easier access to Primary Source Collections that have been made available online for the first time.

Rated as Highly Recommended by CHOICE magazine for History of Feminism:

"Researchers interested in the historical development of feminism and those in women's studies and related interdisciplinary programs will find the resource immensely valuable."

Romanticism

Academic Editor: Professor Duncan Wu,
Dr Jane Moore and Professor John Stachan

Routledge Historical Resources: Romanticism focuses on British and Irish Romanticism from 1760-1830. It contains an extensive range of primary and secondary resources, including full books, selected chapters, and journal articles, as well as new thematic essays and videos, and subject introductions on its five key structural themes: Critical Concepts, Genre, History and Politics, Culture and Modern Critical Approaches.
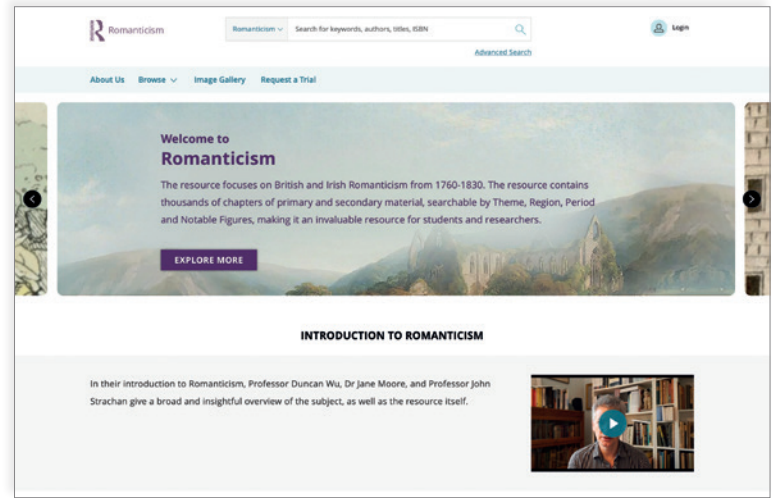

The collection includes:

» 1000s of chapters of primary source collections, some available here in electronic format for the first time

» More than 1,000 chapters of secondary book content

» Over 100 journal articles from a range of Taylor & Francis journals

» An introductory video to the subject and resource from the Academic Editors

» 14 newly commissioned thematic essays by experts in the field

» 15 newly commissioned video essays presented by experts in the field

» Short introductions to outline the 5 key themes

» An image gallery to aid research and study

» **Browsing** available by Subject, Region, Period and Notable Figures

» View texts on site or **download the PDF**

» Intuitive search tools enable users to find exactly the material they need

» **Detailed metadata** at chapter and article level using a carefully chosen taxonomy of terms

This content can be browsed by Theme, Region, Period, and Notable Figure and is complemented by an image gallery.

History of Economic Thought

Academic Editors:
Gilbert Faccarello and Heinz D. Kurz

History of Economic Thought brings together primary and secondary materials, including book chapters, thematic essays and journal articles, to aid the study of economic thought over the period 1700-1914, including:

» More than 7,000 chapters of primary source material, many available here in electronic format for the first time

» More than 2,000 chapters of secondary source book content

» 200 articles from Taylor & Francis journals

» 18 newly commissioned essays from experts in the field

» An introductory video to the subject and resource from academic editor, Heinz D. Kurz

» Enlightening introductions to the 12 key subject areas and 8 Currents of Thought

This content can be browsed by Subject, Current of Thought, Notable Figure, Period and Content Type.

Academic Editor:
Ann Heilmann

History of Feminism brings together primary and secondary materials to aid the study of the long nineteenth century of feminism (1776-1928). The collection includes:

» More than 6,000 chapters of primary source material, many available in electronic format for the first time. These primary source collections contain original source materials from Pickering & Chatto, acquired by Taylor & Francis in 2015, and the Routledge Major Works programme

» More than 1,000 chapters of secondary book content

» Over 100 journal articles from a range of Taylor & Francis journals

» 16 newly commissioned thematic essays written by experts in the field

» Subject introductions to the 8 key subject areas

This content can be browsed by Subject, Region, Period and People and is complemented by an image gallery.

Routledge Encyclopedia of Modernism

> " **Provides academic libraries with an essential resource to support relevant programs in multiple fields of study; there is currently no scholarly online encyclopedia with such an expansive focus. Summing Up: Highly recommended"**
>
> – *CHOICE Review*

Routledge Encyclopedia of Modernism launched in May 2016 as the largest and most comprehensive online resource on Modernism.

With over 2,100 articles written by experts in the field, supported by over 100 images, and biannual updates this resource provides a comprehensive and interdisciplinary view of Modernism. Articles are written with students and researchers in mind, with an overview essay introducing each subject.

Key features include:

» Every article is cross referenced and hyperlinked making further research as simple as possible

» Article summaries found at the beginning of entry are available without restriction

» Articles can be cited at the click of a button available on every entry

» Once logged in, articles can be saved to your personal profile allowing you to find your favourite articles with ease

» 25 overview essays provide introductions to the most studied areas of modernism

» Now includes teaching and learning resources which includes commentary, learning objectives, and questions for self-review.

Routledge Encyclopedia of Philosophy

Routledge Encyclopedia of Philosophy contains over 2,800 articles, with quarterly content updates ensuring this resource remains the most updated online resource in Philosophy.

Covering an unparalleled breadth and diversity of subject matter in Philosophy, the encyclopedia provides the ideal starting point into research to this subject area. General editor Tim Crane and the editorial board of over 30 subject editors work hard to ensure that content is accessible, writing articles with the undergraduate student in mind. This makes Routledge Encyclopedia of Philosophy the perfect philosophy resource for any university library.

Recent content updates have included content on epistemology, twentieth century philosophers, and philosophy of mind, with topics for future updates including areas growing in popularity, such as political philosophy. Now includes teaching and learning resources which includes commentary, learning objectives, and questions for self-review.

Articles which have been updated, and so have multiple versions, offer the whole of the version 1 available for free. This means librarians can assess the content before committing to a trial.

> **"Since its publication, Routledge Encyclopedia of Philosophy has become the leading work in its field. The Web version transforms this important title into a dynamic Web resource that will continually grow and be updated... An important resource for students and faculty wherever philosophy is taught."**
>
> *– CHOICE*

The *Routledge Performance Archive* is a ground-breaking and constantly growing online collection of audio-visual material from past and present practitioners of performance. It delivers streamed video and audio footage – along with relevant critical commentary – direct to the lecture theatre and library.

The fully searchable and cross-referenced content is updated and added to every six months. It includes unique material from the Victoria & Albert Museum's National Video Archive of Performance Recordings, and specially commissioned essays by leading experts to accompany each video.
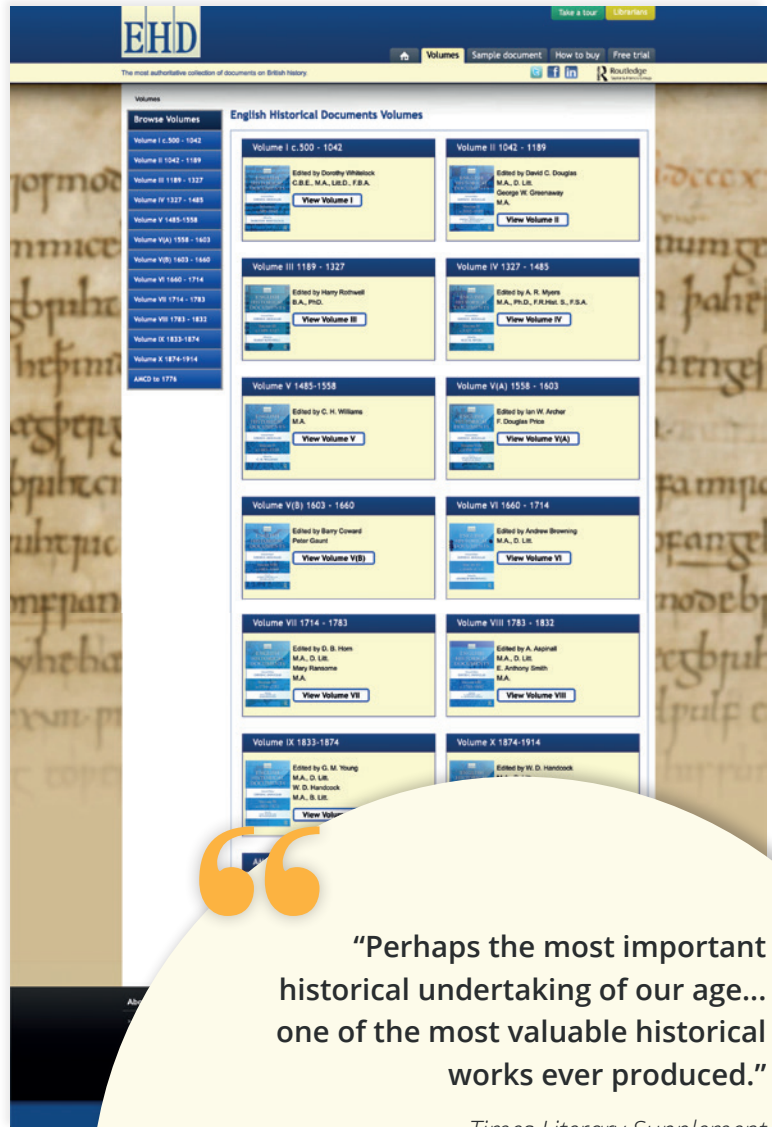

Routledge Performance Archive includes:

» Interviews with key figures in theatre history and contemporary practice

» Masterclasses with specialist actor trainers from around the world

» Unique video footage direct from the legendary practitioners themselves

» Excerpted and full-length contemporary productions

» Documentaries previously unavailable to global audiences

Awarded 'Outstanding Academic Resource' by CHOICE magazine:

"this Archive is a ground-breaking resource for sharing material developed in multiple theatrical contexts and traditions with academic/professional audiences. Summing Up: Highly recommended."

ENGLISH HISTORICAL DOCUMENTS

Providing access to over 5,500 primary source documents, English Historical Documents is an essential resource for institutions where British history is taught or researched. Covering British history between 500AD and 1914, this archive contains cabinet proceedings, letters, military dispatches, personal letters, and more. Searchable by topic or by time period, content can also be filtered by date, person and place.

Key features:

» Online version of the standard series of primary source documents in British history, conceived in wartime and with volumes published since 1953

» Over 5,500 documents from 13 volumes including *American Colonial Documents* (previously out of print)

» Documents selected by generations of eminent historians, and their comment provides context for each document

» Sources include government and cabinet proceedings, military dispatches, newspaper articles, pamphlets, personal and official letters and diaries

» Covers political and constitutional topics and social, economic, religious, and cultural history

» Each document has been indexed and classified by experts at the Institute of Historical Research
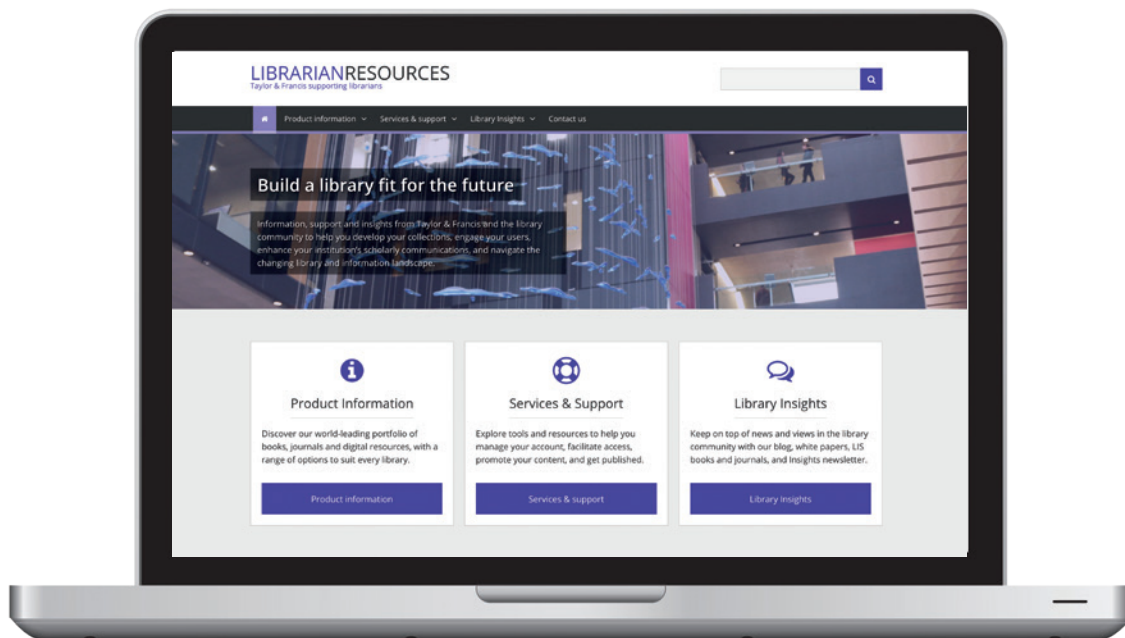

> **"Perhaps the most important historical undertaking of our age... one of the most valuable historical works ever produced."**
>
> *– Times Literary Supplement*

Librarian Resources is the new destination for information, support and insights from Taylor & Francis and the library community to help you develop your collections, engage your users, enhance your institution's scholarly communications, and navigate the changing library and information landscape.

👑 **Premium Collection**

Premium Collections
Purchase as complete collections or title-by-title.

BIOSCIENCEnetBASE

Offers access to the latest handbooks and monographs from leading microbiologists, geneticists, biomedical engineers, and healthcare professionals. These resources combine bioinformatics, epidemiology, neuroscience, technological advances in molecular biology, genetics, plant science, and much more.

Includes access to:
- LifeSCIENCEnetBASE
- BiomedicalSCIENCEnetBASE

CHEMLIBnetBASE

Includes access to new research, historical works, and primers from leading authorities in the field. Coverage ranges from nanoscience and natural product chemistry to separation methods, surfactant science, and green and sustainable chemistry.

Includes access to two collections:
- ChemicalENGINEERINGnetBASE
- CHEMISTRYnetBASE

ENGnetBASE

A premier digital product with a collection of case studies, clinical trials and biomechanical analysis and includes access to six signature collections:
- CivilENGINEERINGnetBASE
- IndustrialENGINEERINGnetBASE
- ElectricalENGINEERINGnetBASE,
- MechanicalENGINEERINGnetBASE
- MiningENGINEERINGnetBASE
- GeneralENGINEERINGnetBASE

ENVIROnetBASE

Includes contributions from leading experts on topics ranging from environmental protection and remediation to green and sustainable practices, biofuels and renewable energy. ENVIROnetBASE includes access to two premier collections:
- EnvironmentalENGINEERINGnetBASE
- EnvironmentalSCIENCEnetBASE

InformationSCIENCEnetBASE

This collection includes bestselling handbooks from CRC Press and critically acclaimed Chapman & Hall references, providing access to the latest eBooks on MATLAB, C++, and Java.

Includes access to these three collections:
- ITECHnetBASE
- COMPUTER-SCIENCEnetBASE
- BUSINESSnetBASE

SCI-TECHnetBASE

Provides access to 30 premier collections giving access to thousands of eBooks covering the latest research, groundbreaking developments, key concepts, theories, and practical applications in the areas of science and technology.

STMnetBASE

Our most complete repository of science, technology, and medical information, STMnetBASE includes all the elements of SCI-TECHnetBASE and MEDICINEnetBASE. It provides a robust and current resource for science, technology, and medical researchers, offering a plethora of cutting-edge information all in one convenient location.

Routledge Subject Collections

Our **69 new eBook collections** provide even greater coverage of subject areas and sub-disciplines across Humanities, Social and Behavioral Sciences, and Education. Each new collection brings together all relevant Routledge books and chapters to provide a comprehensive, focused resource for students, academics and practitioners in a chosen field, making it easier than ever for readers to access relevant Humanities and Social Sciences content.

Featuring subject collections ranging from Anthropology and Architecture to Philosophy and US Politics, our new Humanities and Social Sciences Collections are available for free trial today:

Flexible Purchasing Options

Looking to Purchase Individual Titles, or Featured Collections?

OPTION 1

Purchase via
Perpetual Access

A one-time purchase commitment, allowing you and your institution access to content, while retaining ownership. Additionally, you can also add further titles to your collection at any time.

OPTION 2

Purchase via
Subscription

A one-time purchase commitment, allowing you and your institution access to a collection of titles for a set period of time, with the option to renew, and add further titles to your collection.

OPTION 3

Purchase via
Evidence Based Acquisition (EBA)

Select a minimum spend commitment allowing access to a collection of titles on loan for 12 months. At the end, use your minimum spend commitment to select titles for perpetual ownership.

Looking to Flexible Methods of Purchase to Suit Your Needs?

OPTION 1

Purchase from
Taylor & Francis via the Sales Reps

Purchase directly from Taylor & Francis by getting in contact, choosing from any one of the above purchasing models for titles and collections.

OPTION 2

Purchase from
Your local agent

Purchase Taylor & Francis content from your local agent.

OPTION 3

Purchase from
Taylor & Francis eBooks, Self-Service

Purchase directly from Taylor & Francis without a middle man! Taylor & Francis eBooks now has eCommerce capabilities, allowing you to order direct from the platform, with immediate access to purchases.

Key Features of Taylor & Francis eBooks

FOR LIBRARY USERS

- Access Taylor & Francis titles on a single platform
- Filter search results by collections, subject, publication date, imprint or year published
- Filter search results by the content your institution has access to
- Search using advanced search and auto suggestions
- **new** Filter by not yet published and recently published books
- **new** Redesigned homepage with improved search features
- Perform contextual searches: search all featured collections or search within a single collection

- Search and discover content at the book and chapter level – PDFs available for download
- View detailed table of contents
- Create citations in APA format
- Browse by subject areas and collections
- Highlight keywords or phrases to search the web for additional content
- Download a list of the titles included in any Featured Collections
- Obtain book and chapter abstracts in both search results and product pages

new

Open Access Features

- Read Open Access content at book and chapter level
- Filter search and advanced search results by Open Access titles
- Inclusion of funder and licence information for Open Access titles

FOR LIBRARIANS

Access the Librarian Dashboard to manage all Taylor & Francis eBooks content quickly and easily from ONE admin area:

- Use a single sign on and point of entry for Taylor & Francis eBooks
- View, manage, and download entitlements with license information
- Download Counter 5 reports as well Title Master Report, Platform Master Report, TR_B1, TR_B2, TR_B3, TR_P1, as well as SUSHI reports
- Manage institutional IP ranges and non-IP authentication

- Set up automated MARC records collections via OCLC ›
- View and access usage and denial reports/trends over pre-defined and custom periods
- View and manage institutional licenses
- Manage Shibboleth and Open Athens credentials
- Set up EZproxy allowing users to access content when they are off campus

- Purchase single-title orders direct from the Taylor & Francis eBooks platform, and receive access to those titles within minutes.
- Rapid processing of ebook orders placed through GOBI, with a fulfillment time of under 15 minutes per order.
