BLOOMSBURY HISTORY: THEORY & METHOD

Big Ideas. Key Debates. Laying the Global Foundations of History

This unique reference tool is the first one-stop online resource to explore the theory, methods and historiography which underpin history as a discipline.

It encompasses an extensive variety of articles which examine:

- Selected excerpts from classic historical works which have helped shape the subject
- Key concepts, thinkers, and debates
- Methods for analyzing primary sources
- Established and cutting-edge theories and schools of thought

The content is global in scope and has been written by expert scholars from around the world with students in mind. With articles ranging from concise introductions to more detailed explorations, the resource allows students to develop their understanding and for faculty to pitch content at the right level for those being taught.

Amplify scholarship in ethnic studies with the voices of America's diverse groups

The American Mosaic centers on the experiences and perspectives of diverse groups of people in the United States. These databases bring to life the social struggles, political turning points, and cultural contributions that have been traditionally excluded or marginalized in the study of American and world history.

The African American Experience—Features perspectives from African American scholars and historians, bringing voice and context to the lived experiences of African Americans in U.S. history.

The Asian American Experience—The first learning resource of its kind, *The Asian American Experience* applies a critical lens to the study of U.S. history, exploring the social, political, and economic forces that have shaped the experiences of Asian Americans.

The American Indian Experience—Engages students and scholars with the historical experiences and contemporary practices of more than 150 Native American tribes across North America.

The Latino American Experience—The first database dedicated to the history and culture of the largest, fastest-growing minority group in the United States.

Women's History in the United States—Provides a thorough examination of the contributions, perspectives, and challenges faced by women from precontact times to the present.

Available via Perpetual Access and Subscription
